BPI Written Test (see registration info): Mon. Nov. 16 (5pm–9pm)

Location: 80 Vandenburg Ave, Troy, NY 12180

Room: HRC 224

Instructor: Kevin Kilgallon

Sponsored by:

Profit with Home Performance:

This low-cost training program can bring you new business for years to come. While you're using building science technology to help customers solve heating, cooling and air leakage problems that are driving high energy costs, you'll also provide them with a more comfortable, safe and durable home. You'll be part of an exclusive group of contractors with access to benefits to help your business grow.

Training Agenda:

- Fundamentals of building science
- Identify and understand building performance problems including ice dams, mold and mildew, and indoor air quality issues
- Analyze buildings using “Blower Door” technology and other diagnostic equipment
- Assess building tightness, mechanical and distribution systems and combustion safety for a “whole house” performance-based approach
- Practical application of “blower door,” combustion safety and other diagnostics for assessing air leakage and efficiency in buildings

Registration Information:

The cost of this training is **\$1,045**. NYSERDA reimburses 75% of the fee upon completion of the course to students in the NY System Benefits Charge utility territories. Your net cost after reimbursement is \$261.25. This includes all course materials. This incentive program is being offered by NYSERDA for a limited time. You must complete the entire course to receive Proof of Participation and reimbursement for this program.

BPI Certification:

To become BPI certified you must successfully complete BPI's written exam and field practical test. BPI Certification is optional. Registration fees for BPI testing are not included in the cost of the training. Please contact CEEBS for testing costs.

For more information or directions, contact Brooke Teiper at (518) 629-4111 or ceeb@hvcc.edu.

Hudson Valley Community College receives funding from the New York State Energy Research and Development Authority (NYSERDA) in conjunction with New York State's Energy Smart™ programs, and focuses on developing, marketing, and delivering Building Science Curriculum for contractors and remodelers in several statewide locations. HVCC provides the baseline training for the Building Performance Institute's (BPI) Building Analyst; Envelope, Heating, and Cooling Professional certifications; the HERS Rater certification process, basic computer training, trade-related math skills and sales/marketing training. **Following completion of the Building Analyst training, participants will be eligible to take the BPI written exam. The cost of the test is not included in the instructional fee. This written exam satisfies the first component of the BPI certification requirements. Candidates must also pass a performance exam before receiving certification. Please visit www.bpi.org for more information on BPI certification, or call BPI at 518-899-2727.**

About Home Performance with ENERGY STAR®

Among the benefits of becoming a Home Performance with ENERGY STAR contractor are financial incentives, cooperative advertising opportunities, diagnostic equipment agreements with very favorable terms, and ENERGY STAR consumer financing. In order to participate in Home Performance with ENERGY STAR, contracting firms must have BPI accreditation and at least one person on staff who holds both Building Analyst and Specialist/Professional certifications. NYSERDA provides significant financial support to help pay for Professional-level courses. Classes for Envelope, Heating, and Cooling Professionals will be scheduled and announced in your area shortly after the completion of the BPI Building Analyst course. For more information about Home Performance with ENERGY STAR or New York ENERGY STAR Labeled Homes, please call Kathleen Kaminski at 866-202-4803, extension 0, or visit www.getenergysmart.org.

Please fax the registration form above to (518) 629-4234.

Be sure to include payment information to complete registration. For more information, call (518) 629-4111.
